

Amazon **Simple Email Service (SES)**

Amazon Simple Email Service (SES)

Flexible, affordable, and highly-scalable
email sending and receiving platform
for businesses and developers

Amazon Simple Email Service (Amazon SES) is a cloud-based email sending service designed to help digital marketers and application developers send marketing, notification, and transactional emails. It is a reliable, cost-effective service for businesses of all sizes that use email to keep in contact with their customers. You can use our SMTP interface or one of the AWS SDKs to integrate Amazon SES directly into your existing applications. You can also integrate the email sending capabilities of Amazon SES into the software you already use, such as ticketing systems and email clients.
